March 6, 2020

Dear Interested Party:

The Columbia River Estuary Study Taskforce (CREST) is announcing the opportunity to submit proposals for the *Hungry Harbor Habitat Restoration Project*. This is a prevailing wage contract and it meets all federal and state contracting guidelines. Applicant companies must be registered and in good standing with the federal SAM (System for Award Management). The project is sponsored by CREST in partnership with Washington State Department of Transportation, and Greenwood Resources Inc., with funding support from the Salmon Recovery Funding Board, Washington Coast Restoration and Resilience Initiative, and the Pacific Marine Estuarine Partnership.

CREST is a Council of Governments that includes the local counties, cities, and port districts surrounding the Columbia River Estuary in both Oregon and Washington. CREST provides coastal and estuarine technical services for members, coordinates activities between local, state, and federal agencies; and provides information, maps, and educational materials to citizens of the region.

The Hungry Harbor Habitat Restoration RFP, designs, geotechnical report and specifications will be available on-line at www.columbiaestuary.org. Please direct questions to Jason R. Smith, Habitat Restoration Project Manager at (503) 325- 0435 ext. 219 or jsmith@columbiaestuary.org.

All proposals must be received electronically by 4 pm on April 3, 2020. Please make sure it is no larger than 20 mb in size. Late applications will not be accepted. A mandatory site visit will be held on March 17, 2020, from 1:30-3:30pm**.** Please RSVP with Jason to confirm details by COB March 13, 2020.

Sincerely,

Jason R. Smith
Habitat Restoration Project Manager
Columbia River Estuary Study Taskforce
