January 5, 2021

Dear Interested Party:

The Columbia River Estuary Study Taskforce (CREST) is announcing the opportunity to submit proposals for the *West Sand Island Habitat Restoration Project – Follow-Up Treatment*. CREST meets all federal and state contracting guidelines with this RFP.

The project is sponsored by CREST and the Bonneville Power Administration. The U.S. Army Corps of Engineers is a stakeholder and the landowner.

CREST is a Council of Governments that includes the local counties, cities, and port districts surrounding the Columbia River Estuary in both Oregon and Washington. CREST provides coastal and estuarine technical services for members and coordinates activities between local, state, and federal agencies. CREST also provides information, maps, and educational materials to citizens of the region.

The RFP, plans, and specifications will be available online at columbiaestuary.org. Please direct questions to Tracy Hruska, Habitat Restoration Project Manager at thruska@columbiaestuary.org (preferred) or at (503) 325-0485 ext. 222.

All proposals must be received by 4 pm on February 5th, 2021. Please submit proposals in PDF form to Tracy Hruska at the email address above. Fax or mailed proposals will not be accepted. Late applications will not be accepted. A pre-bid site visit will be held on Tuesday, January 26th, weather permitting. Attendance at the site visit is strongly encouraged but not required. Please RSVP with Tracy no later than 2 pm on January 21st to confirm details.

Sincerely,

Tracy Hruska
Habitat Restoration Project Manager
Columbia River Estuary Study Taskforce
